## 4 **Assurance Framework Implementation Update and SELEP Grant Offer Letter 2017**

The Accountability Board (the Board) received a report from Rhiannon Mort, the purpose of which was to make the Board aware of:

1. The award of project change flexibilities within SELEP's Grant Offer Letter 2017/18 received from the Department for Communities and Local Government; and

2. The progress which has been made by the SELEP executive team and the federal areas in implementing the changes necessitated by the refreshed Assurance Framework. This is to follow on from the presentation provided to the SELEP Strategic Board on 3rd March 2017 and the subsequent update to the Accountability Board on 31st March 2017. The Board was reminded that it is accountable for assuring that all requirements are implemented; it is a condition of the Local Growth Funding that the Assurance Framework is being implemented.

Rhiannon Mort advised the Board that as referred to in paragraph 4 of the report, there is no longer the requirement to seek Government approval in respect of project changes which are agreed by the Board.

The Department for Communities and Local Government are currently undertaking a review into the governance and transparency of LEPs, led by Mary Ney. A report is due to be prepared ahead of the general election.

Myroulla West asked whether the Government were happy with SELEP's assurance framework, Rhiannon confirmed that they were. Myroulla also suggested that in future, timescales should be included in reports provided to the

Board. Rhiannon confirmed that this request would be noted.

### **Resolved**

1. **To Note** the award of Local Growth Fund project change flexibilities as stated within SELEP's Grant Offer Letter 2017 from the Department for Communities and Local Government.

The GPF loan is still sought to support the development of the Enterprise Zone and is expected to deliver outcomes which are aligned with the original GPF bid. Recent email correspondence from Kent County Council indicates that its Section 151 Officer is due to sign the credit agreement within the next 5-10 days, and this will then be sent to Essex County Council's legal department. ### **15 Urgent Business**

With the agreement of the Chairman, Mr McLennan, a member of the public, asked the following question

“Where a County Council or Unitary Authority has been awarded Government Local Growth Funds for a project and their application is subsequently found to be fraudulent, misleading and incorrect. What legal jurisdiction does the South East Local Enterprise Partnership Board have to withdraw the award and recover government funds”.

The following response was given:

"The Government release the Local Growth Fund to SELEP under specific conditions set out in a Grant Determination Letter. This includes a condition that the LGF may only be used for purposes that a capital receipt may be used for in accordance with the regulations under section 11 of the Local Government Act 2003.

If the SELEP fails to comply with any of the conditions and requirements set out within the Grant Determination Letter the Minister of State may:

- a) Reduce, suspend or withhold grant; or
- b) By notification in writing to the authority, require the repayment of the whole or any part of the grant.

The LGF is released to the Accountable Body, who are accountable for ensuring that the conditions and requirements of all funding received from Government are adhered too. Accordingly, these conditions and requirements are reflected in the Agreements between the Accountable Body and each partner authority. These Agreements transfer the responsibility for ensuring that the funding is spent in accordance with the Grant Determination Letter to the partner authority, and requires the respective s.151 officer to provide confirmation to the Accountable Body that this is the case. The repayment provisions are also reflected within these agreements.

The SELEP governance ensures that all projects are approved by the Accountability Board in the first instance, supported by a robust business case, which has been independently evaluated. Any changes to a project, which fall within SELEP's definition of project Change, must be approved by the Board. A further independent review of an updated Project Business Case will be undertaken if there is a Change to the project which may impact on the outcome of the projects Value for Money assessment. Project changes include, but are not limited to, variations to a projects scope, cost, outputs or outcomes. The full definition of Project Change is provided in paragraph 5.11 of the SELEP Assurance Framework. The Council must repay all or part of the funding received with respect to a Project Allocation if the Board so requires where the Council abandons the Project; a Project is Changed and the Board declines to agree the Change; or the Project can no longer meet the Grant Conditions.

Each project is approved in full by the Accountability Board, however, the actual funding is released quarterly in advance, in line with the projects specific planned spend profile. As a result should there be any issue arising on any of the projects, this can be addressed and resolved at an early opportunity, and at

a time when limited funding has been released

The SELEP are required to report to the Government on its management of the LGF, and it remains the government's decision on whether to activate the repayment mechanisms.

**14 Date of Next Meeting**

The Board noted that the next meeting will take place on Friday 22 September 2017.

There being no further urgent business the meeting closed at 11.17 am.
