## OVERVIEW 1

- 1.1 The South East Local Enterprise Partnership (SELEP) is one of 38 Local Enterprise Partnerships (LEPs), established to “provide the clear vision and strategic leadership to drive sustainable private sector-led growth and job creation in their area”<sup>1</sup> ~~“Local Growth: Realising every place’s potential, HMG, October 2010”~~. It encompasses the Local Authority areas of East Sussex, Essex, Kent, Medway, Southend and Thurrock.
- 1.2 Whilst LEPs will determine their own specific priorities, in their document “Strengthened Local Enterprise Partnerships” ~~“Strengthened Local Enterprise Partnerships”~~ the Government set out that LEPs should focus on the following four activities to support the development and delivery of their Local Industrial Strategy:
- (a) ~~▲~~ Strategy: developing an evidence-based Local Industrial Strategy that identifies local strengths and challenges, future opportunities and the action needed to boost productivity, earning power and competitiveness across their area;
  - (b) ~~▲~~ Allocation of funds: identifying and developing investment opportunities; prioritising the award of local growth funding; and monitoring and evaluating the impacts of its activities to improve productivity across the local economy;
  - (c) ~~▲~~ Co-ordination: using their convening power, for example to co-ordinate responses to economic shocks; and bringing together ~~partners from the~~ private, public and third sectors organisations; and
  - (d) ~~▲~~ Advocacy: Collaborating with a wide-range of local ~~partners~~ stakeholders to act as an informed and independent voice for their area.

### 1.3 The ~~purpose~~ funding streams that are directly awarded by SELEP include:

- (a) the Local Growth Fund (LGF), which is a capital grant for investment in capital infrastructure projects and includes the Skills Capital Fund. This funding aims to support the delivery of jobs, homes, new learners and other economic growth objectives;
- (b) the Growing Places Fund (GPF), which is a capital loan, awarded as a low or zero percent interest rate. Similarly to the LGF, this funding aims to tackle barriers to economic growth; and

<sup>1</sup> Local Growth: Realising every place’s potential, HMG, October 2010

(c) the Sector Support Fund (SSF), which is a revenue grant aimed at supporting the work of the SELEP sector working groups (2.41 below).

1.31.4 The Assurance Framework is not a legal document, but provides a framework to set out the systems and processes in place that are necessary to manage the delegated funding from ~~Central~~ Government budgets effectively. It is intended to provide Government and ~~Partners~~Partner Authorities and wider stakeholders with the assurance that decisions over funding are proper, transparent and deliver value for money. ~~This Assurance Framework reflects the expectations of Government as set out in the revised National Growth Assurance Framework published January 2019 and the LEP Governance and Transparency Best Practice Guidance, published in January 2018.~~

1.5 This Assurance Framework reflects the expectations of Government as set out in the revised National Local Growth Assurance Framework published January 2019 which incorporates the LEP Governance and Transparency Best Practice Guidance, published in January 2018.

This Assurance Framework will be updated upon incorporation (Error! Reference source not found.1.1 below

~~1.1 — The Strategic Board sets the strategic direction of SELEP, providing clear strategic leadership and championing shared SELEP priorities. It is the main SELEP interface with Government, bringing together both private and public sectors to drive local growth and job creation and to oversee all SELEP activity to deliver these aims.~~

1.6 ) and will be reviewed and agreed at least annually or as required by the Strategic Board.

~~1.2 — The Strategic Board has committed to move towards incorporated status by April 2020. The SELEP has requested in writing to Government to have this in place April 2020 (rather than the deadline of March 2019 set in the National Growth Assurance Framework published in January 2019).~~

~~1.3 — Formal democratic decision-making is through the \_Accountability Board which approves all funding decisions and is responsible for monitoring delivery of SELEP's capital programme and actively reviewing associated risks, informed by local area management information. The Joint Committee structure of the Accountability Board roots decision-making firmly in the democratic process and enables it to be subject to democratic scrutiny.~~

~~1.4 — Funding decisions made by the Accountability Board take into account impartial advice provided by an Independent Technical Evaluator who makes recommendations based on value for money assessments of individual business cases.~~

~~1.5 — The Investment Panel has responsibility for the prioritisation of projects following an approach agreed by the SELEP Strategic Board. The Panel's role is to make recommendations for the provisional allocation of funding to projects prioritised by the Panel. The final award of funding will be subject to an Accountability~~

~~Board decision, in line with the Assurance Framework requirements.~~

~~1.6 Federated Boards are responsible for local delivery and managing their local programme within tolerance levels for both spending and delivery.~~

~~1.41.7 Federated Boards, Partners and project sponsors and Partner Authorities are required to adhere to this Assurance Framework in relation to allocations of SELEP funding and to ensure consistency of prioritisation, programme management and investment, cost control and approval and programme/risk management. respect of their involvement with the SELEP.~~

~~1.7 As the SELEP Accountable Body, Essex County Council, retains overall legal accountability for the SELEP investment programme, supported by Essex's Section 151 Officer.~~

~~1.51.8 The This Assurance Framework should be read in conjunction with the SELEP [Terms of Reference](#) Terms of Reference agreed by the Strategic Board in December 2016 and updated in March 2018 (and updated for the March 2019 Strategic Board meeting for agreement) and published on the SELEP website.~~

~~1.8 The Assurance Framework will be reviewed and updated as required and will be agreed annually by the Strategic Board.~~

~~1.9 An annual report will be developed at the start of each financial year. These will set out a well-developed understanding of the local economic evidence base to identify opportunities and obstacles to inclusive growth, prosperity and improved productivity.~~

~~1.10 The SELEP has an approach to risk, and a named individual for risk management, the Chief Operating Officer.~~

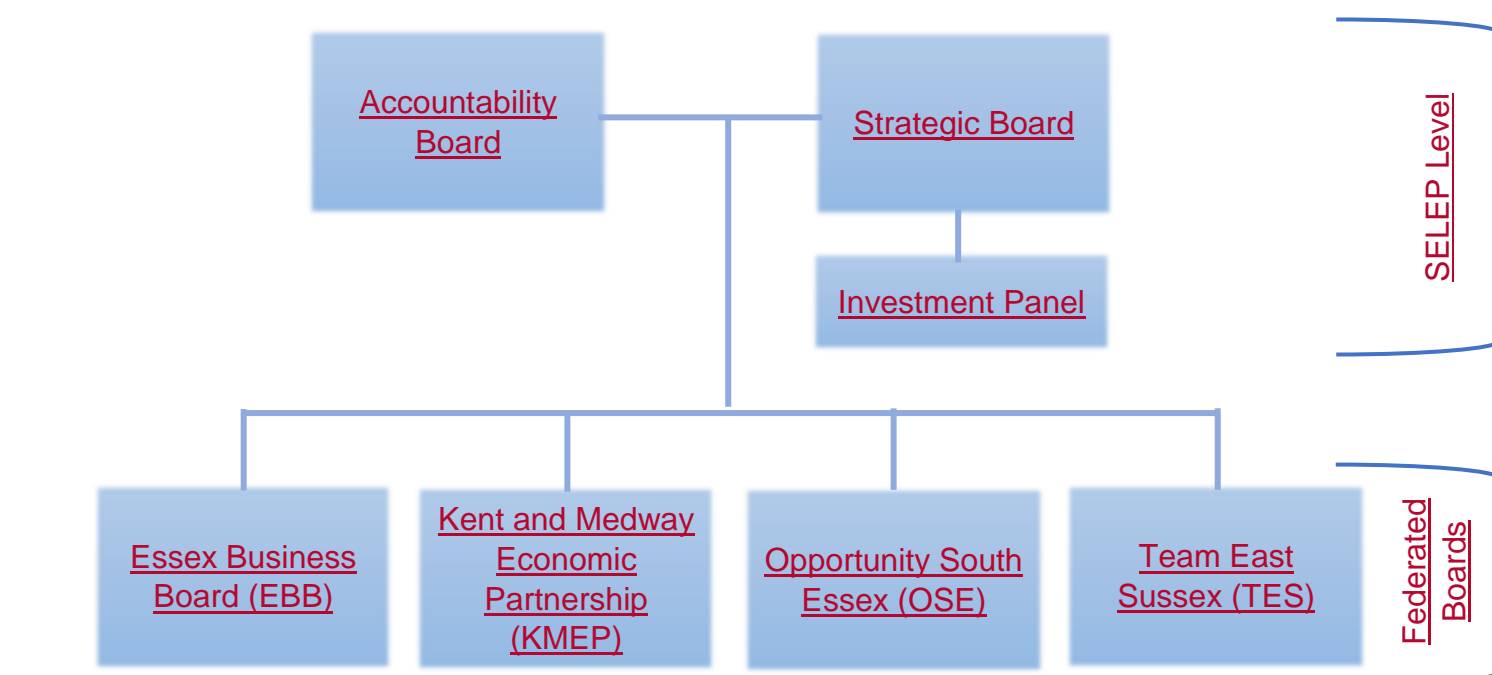

## GOVERNANCE AND DECISION MAKING 2

~~1.11 Overview~~

### INTRODUCTION 2.1

2.1 The SELEP is a clear partnership between business and public sector at both SELEP and local partnership

levels. At the heart of this partnership is the devolution of local accountability and funding to ensure decision-making at the most appropriate level. Democratic accountability for funding decisions ~~made by the SELEP are provided~~ is ensured through Local Authority ~~leader~~ representation on the Accountability Board, ~~with~~ whilst accountability to the business community ~~flowing through the business leader representatives~~ is provided by the private sector representation on the Strategic ~~Board~~ and Federated Boards.

~~1.11.1 The Strategic Board has committed to move towards incorporated status by April 2020. An exemption has been discussed with the Ministry for Houses, Communities and Local Government (MHCLG) for the requirement for 'all LEPs to adopt a legal entity by April 2019' and verbal agreement has been given. SELEP's Assurance Framework will be updated as SELEP moves to incorporation.~~

2.2 ~~2.1.3~~ The SELEP operates under a Federated Model. ~~There are two main SELEP (see above diagram). The Strategic and Accountability Boards which~~ are supported by four Federated Boards; Essex Business Board (EBB), Kent and Medway Economic Partnership (KMEP), Opportunity South Essex (OSE) and Team East Sussex (TES). Each Federated Board has their own Terms of Reference ~~Each Federated Board has their own terms of reference which are~~ (aligned to the overall SELEP Terms of Reference ~~(1.8 above1.1 above)~~ and ~~the SELEP this Assurance Framework, and are made available on the SELEP website.~~)

2.3 ~~2.1.4~~ The SELEP is committed to ensuring fairness in its decision-making and ~~ensures through regular reviews that its practices to~~ follow the best standards. ~~In doing so SELEP has practice, with~~ due regard to the

general equality duty and the principles of public life.

## **THE STRATEGIC BOARD 2.4**

- 2.4 The Strategic Board ~~is the primary private/public partnership board within the SELEP structure. It is responsible for setting the LEP's~~ sets the strategic direction ~~and of the SELEP,~~ providing clear strategic leadership ~~to the~~ and championing shared SELEP priorities. It is the main SELEP interface with Government, bringing together both private and public sectors to drive local growth and job creation, and to oversee all activity to deliver these aims.
- 2.5 Working collectively, Strategic Board members are responsible for:
- (a) ~~a)~~ setting the vision, strategic direction and priorities of the LEP overall;
  - (b) ~~b)~~ ensuring the development, maintenance and delivery of evidence-based strategy. These strategies include, but are not limited to::
    - (i) the Economic ~~Strategic Strategy~~ Statement, ~~with support from Federated Boards,~~ (ESS);
    - (ii) a Skills Strategy;
    - (iii) The Energy Strategy;
    - ~~(i)(iv)~~ the European Structural Investment Funds (ESIF) strategy; and for determining its key funding priorities;
    - ~~(ii)(v)~~ a Local Industrial Strategy;
  - (c) ~~c)~~ developing a pipeline of projects for investment: a role it has delegated to the Investment Panel in respect of LGF;
  - (d) ~~d)~~ considering and agreeing a position on major items of strategic importance;
  - (e) ~~e)~~ publishing arrangements for developing, prioritising, appraising and approving projects with a view to ensuring that a wide range of delivery partners can be involved;
    - ~~f)~~ developing a Skills Strategy for the area;
    - ~~g)~~ approval of European Structural Investment Funds (ESIF) strategy;
  - ~~(f)~~ h) deciding how approving the annual Delivery Plan;
  - ~~(f)(g)~~ monitoring progress in completing the activities ~~of~~ and KPIs set out in the LEP should be

~~delegated~~ Delivery Plan;

~~(g)(h)~~ i) — championing the LEP and the LEP area in all other forums;

~~(h)(i)~~ j) — supporting pan-LEP activity undertaken by the working groups;

~~(i)(j)~~ k) — working closely with Federated Boards to oversee Growth Hub, Enterprise Zone and City Deal activities;

~~(j)(k)~~ l) — endorsing local areas' efforts to advance projects for economic growth which may not be directly linked to the LEP;

~~m)~~ — ~~overseeing the development and implementation of a Local Industrial Strategy; and~~

~~(k)(l)~~ n) — ensuring that adequate capacity and expertise is maintained to deliver against ~~the~~ above ~~(a–m–k)~~.

2.6 Where the Strategic Board put in place schemes of delegation to the Federated Boards or Investment Panel, the Strategic Board remains responsible for the delegated decision.

2.62.7 The Strategic Board is made up of 28 members selected by their local ~~private/public sector partnerships~~ Federated Board or their representative bodies and currently at least ~~50%~~ half of the members are required to be from the private sector.

2.8 The Strategic Board has committed for SELEP to move towards incorporated status by 31st March 2020. .

2.72.9 The membership of the Strategic Board will be reviewed during 2019/20 to achieve the requirement (stated in the new National Assurance Framework, 1.5 above) of a Board of 20 members, (with the option of 5 co-opted members) and membership which is two-thirds private sector. This will include consideration of appropriate representation across the geography of the SELEP, ~~reflect~~ reflecting diversity (2.69 below) and different business interests.

~~1.11.2 — It is not the expectation that the requirement for the Strategic Board of 20 members (with the option of 5 co-opted members) and membership which is two thirds private sector is replicated at the Federated Board level.~~

~~1.11.3 — The diversity requirement for the Strategic Board will also be a requirement at the Federated Board level.~~

~~1.11.4 — It is the expectation that each Federated Board will be business led and have a private sector majority.~~

2.82.10 The Strategic Board membership currently is as follows:

Businesses are often faced with the need to make decisions about the future. This is especially true for businesses that are operating in a highly competitive and rapidly changing environment. In such a situation, it is essential for businesses to have a clear understanding of their current position and to be able to make informed decisions about the future. This is where business forecasting comes in. Business forecasting is the process of using historical data and other information to predict future business performance. It is a key tool for businesses to use in order to make strategic decisions about the future. In this article, we will explore the importance of business forecasting and how it can be used to make informed decisions about the future.

**4.314.35** In circumstances where there is a conflict between the Accountable Body and the Accountability Board, the following process will be used ~~in order~~ to resolve the issue:

- (a) ~~(a)~~ In the first instance, any dispute will be escalated to the chair of the Strategic Board and the Section 151 Officer of the Accountable Body within 10 working days of the dispute arising. The chair of the Strategic Board and the Accountable Body Section 151 Officer will discuss ~~the issue~~ and, in good faith, attempt to ~~resolve any such dispute in order to bring about an agreement~~ agree on the action required to resolve the issue~~;~~;
- (b) ~~(b)~~ ~~————~~ ~~In if~~ the ~~event that the Chairman~~ Chair of the Strategic Board and the Section 151 Officer of the Accountable Body are unable to resolve the dispute, the matter will be referred to the Government (or grant awarding body, ~~if not the Government~~) for consideration.

## **~~5.~~ ENSURING VALUE FOR MONEY 5**

### **INTRODUCTION ~~5.1~~ OVERVIEW**

- 5.1 The SELEP recognises the need to have robust arrangements in place to ensure value for money and effective delivery, through strong project management, project options and appraisal, prioritisation and business case development. This section ~~sets out the arrangements in place for ensuring~~ explains how SELEP ensures that effective processes are in place.

**5.2 PRIORITISATION OF LGF 5.2**

DRAFT

- 5.2 Through adopting the recommendations of the MHCLG Deep Dive in 2018, the SELEP is committed to developing and maintaining a single pipeline of LGF projects, should LGF underspend become available.
- 5.3 As the SELEP covers such a wide geographical area, encompassing a number of several local authorities facing competing challenges, the initial identification and prioritisation of projects is most effectively managed within local areas through the federated model. It is
- 5.4 At the outset of a funding round, the Strategic Board will agree the specific project eligibility and prioritisation criteria to be applied through the process. The Strategic Board may also choose to agree an upper limit on the number of applications submitted and/or the total value of funding that can be sought by a Federated Board for local areas to identify their strategic priority projects a particular funding round.
- 5.5 Upon the funding opportunity being launched by SELEP, scheme promoters will be invited to complete an Expressions of Interest, using the SELEP template, for submission to the respective Federated Board.
- 5.35.6 Federated Boards are required to identify and prioritise potential projects with support of the SELEP ITE through an open call for prioritisation against the (one SELEP) pipeline. The projects will, however, be considered by the Strategic Board, or the Investment Panel, subject to endorsement by at least one Federated Board. This will ensure that the priorities of the SEP within functional economic areas can be delivered. The Accountability Board will oversee the delivery of the overall programme of investment and ensure that value for money is achieved for each project, publicised widely by SELEP, Partner Authorities and Federated Boards. As a minimum, funding opportunities are publicised on the SELEP website and through the media/social media.
- 5.7 The initial identification and assessment of projects and sifting of the Expressions of Interest will be undertaken by the Federated Boards through their submission for funding opportunities, with support from the SELEP ITE, to identify the priority projects of the respective Federated Board to be taken forward to the next stage of assessment. The role of the ITE at this stage of the process will be to support local areas in ensuring the suitability of the projects for the funding call, that the projects meet the eligibility criteria and to help identify any showstopper issues.
- 5.8 Through the Federated Board discussions initial Federated Board assessment, consideration will be given for the eligibility and prioritisation criteria, agreed by the Strategic Board for the specific funding opportunity and any upper limits on the number of applications and/or the maximum amount of funding that a Federated Board can seek during a particular funding round.
- 5.9 At the Federated Board, there must be a fair and equal opportunity for discussion around the relative merits of each of the projects put forward for consideration for the funding. In completing the local prioritization of opportunity.
- 5.10 For those projects, supported by a Federated Areas Board, the project promoter will engage be invited to develop a Strategic Outline Business Case, using the SELEP template. The Business Case will be assessed by the ITE, with the Independent Technical Evaluator, who feedback being provided to the project

promoter and the respective Federated Board.

5.11 Project prioritisation will then take place at a Federated Board level to consider each projects fit with the strategic priorities of SELEP and the Federated Area. This will be informed by the outcome of the ITE assessment and the Federated Board will be asked to focus on their top few priorities relative to the amount of funding available.

5.12 Should the Federated Board choose to prioritise a project which have been assessed by the ITE as having delivery issues or other project constraints, the burden of proof will be on the respective Federated Board representative to demonstrate to the Investment Panel how the project risks or issues can be mitigated.

5.45.13 The Federated Board will help inform the recommendations made to the Federated Board and subsequently to the SELEP Strategic Board or Investment Panel Board, as appropriate. The local Federated Board feedback will be reflected prioritisation of projects across SELEP and the information presented within the Investment Panel papers. This will be The outcome of the ITE assessment and the Federated Board prioritisation will be used to support the decision making in generating, by the Investment Panel in agreeing a single LEP prioritization SELEP prioritised list which will be published on the SELEP website of projects.

5.55.14 Overall responsibility for the final prioritisation of projects project at a SELEP level rests with the Strategic Board or, but this role has been delegated by the Strategic Board to the Investment Panel, as a sub-committee of the Strategic Board. In advance of a prioritisation exercise being completed, the Strategic Board will be asked to agree the prioritisation approach to be applied. At this stage, the Strategic Board may choose to delegate responsibility for the prioritisation of LGF projects to the Investment Panel.

5.65.15 The specific eligibility criteria and prioritisation criteria for each funding round will be agreed by the Strategic Board at the outset of the process. As a minimum the prioritisation of projects for funding, in addition to the points set out in 4.1.2, will include an assessment of projects each project based on Her Majesty's Treasury's The Green Book: Appraisal and Evaluation in Central Government ([The Green Book](#) (~~The Green Book~~)), and related departmental guidance. Prioritisation will give consideration to the five cases listed below:

- (a) The Strategic Case—the strategic case- the project should be aligned with the Economic Strategic Strategy Statement and support delivery of the objectives and outcomes contained within the plan;
- (b) The Economic Case—the economic case- the projects are expected to deliver high or very high value for money for investment of public funds;

- (c) ~~The Commercial Case—the commercial case-~~ the proposed deal is attractive to the market place, can be procured and is commercially viable;
- (d) ~~The Financial Case—the financial case-~~ the project should demonstrate the proposed funding streams to finance the total project costs and the expected phasing of the funding. There is the expectation that opportunities will be sought to leverage private sector investment and other match funding to support delivery of the project;
- (e) ~~The Management Case—the management case-~~ the project should set a proposed plan for project delivery, evaluation, progress reporting and monitoring of benefit realisation. It should also include details of any risks and how these will be managed, including the costs of mitigating these risks.

5.75.16 In prioritising projects, consideration will also be given to the phasing, suitability and availability of funding. The application of the five cases should be proportionate to the scale of intervention and the value of funding sought.

5.85.17 Any amendments to the prioritisation methodology set out above to reflect, for example, additional funding criteria from Government, will be agreed by the Strategic Board and will be published on the SELEP website. ~~For example, in June 2018, the Strategic Board agreed the~~

~~approach to the prioritisation of SELEP's LGF short term single pipeline. The specific prioritisation and assessment criteria are published on the SELEP website.~~

~~5.2.9 Where Federated Boards put forward projects for inclusion on the single LEP prioritised list each project will be supported by a Strategic Outline Business Case using the Business Case template which can be found on the SELEP website.~~

5.95.18 ~~5.2.10~~ Once project prioritisation has been completed, ~~it is expected that~~ partners will be required to further develop ~~the their~~ business case for investment. ~~This Business Case will support any prior to a funding bid submissions to SELEP decision by the Accountability Board.~~

5.105.19 ~~5.2.11~~ Before a project can be considered for inclusion in the single prioritised list, it must have been developed in consultation with the Federated Board ~~and~~, received Federated Board approval and S151 officer sign off from a Partner Authority.

~~5.145.20~~ ~~5.2.12~~ For pan-LEP projects to be brought forward, they must also ~~receive endorsement from~~ be prioritised by at least one Federated ~~Board Area~~ and have received Section 151 officer sign off from a ~~County, Unitary Partner Authority to act as the promoting authority.~~

#### **PRIORITISATION OF GPF ~~CAPITAL~~ 5.15**

~~5.125.21~~ On the 9<sup>th</sup> June 2017, the Strategic Board agreed the approach to the reinvestment of GPF capital funding and which is published on the SELEP website. ~~published on the SELEP website.~~

~~5.135.22~~ The first stage, for scheme identification and assessment, is led by federated areas based on the submission of an expressions of interest form, and the consideration of projects against the eligibility criteria agreed by the Strategic Board. Each Federated Board is asked to nominate projects to be submitted for consideration by the SELEP, based on a. The total GPF ask ~~totalling no greater than for the~~ projects nominated by the Federated Areas must not exceed 50% of the total GPF funding available across SELEP.

~~5.145.23~~ For projects nominated by Federated Boards, scheme promoters are required to complete a strategic outline business case, which will be reviewed independently by the ITE (5.34 below) ~~SELEP Independent Technical Evaluator (see section 5.5 below),~~

~~5.155.24~~ The independent assessment will be conducted based on the following criteria, as agreed by the Strategic Board:

- (a) scheme summary;
- (b) strategic fit;
- (c) infrastructure requirement;
- (d) viability;
- (e) deliverability;
- (f) expected benefits;
- (g) contribution to a revolving fund;
- (h) risk
- (i) state aid implications; and
- (j) amount of GPF available.

~~5.165.25~~ The independent assessment will be conducted to prepare a 'RAG' (Red Amber Green)

~~assessment~~RAG (red amber green) rating for each project nominated by Federated Boards against each of the criteria; the outcome of this assessment will be used to support the prioritisation of projects by the Strategic Board or Investment Panel, should the Strategic Board agree to delegate responsibility to the Investment Panel. In addition, consideration will be given to ~~the phasing of when~~ the GPF ~~ask~~funding is sought by individual projects, relative to when the ~~amount to~~ GPF funding is available, to be drawn down and spent.

~~5.175.26~~ Following the prioritisation of projects by the Strategic Board or Investment Panel, those projects which are successfully allocated GPF are required to complete Gate 2 of the business case review process (~~5.55 below, as set out in paragraphs 5.8.4 and 5.8.5~~), and fulfil the value for money requirements (~~5.90 below as set out in section 5.10~~), prior to a funding decision by the Accountability Board.

#### **PRIORITISATION OF SECTOR SUPPORT FUND (SSF) 5.21**

~~5.185.27~~ On the 9<sup>th</sup> of June 2017, the ~~SELEP~~Strategic Board approved the use of the GPF revenue grant to ~~fund a programme of works to~~ support the sector ~~focussed~~focused activities that are being undertaken on a pan-LEP basis and predominantly led by the SELEP working groups.

~~5.195.28~~ The purpose of the Sector Support Fund (SSF) is therefore to support one-off, discrete pieces of work of a pan-LEP nature, with a sector ~~focus~~ that brings demonstrable benefits and has support across the ~~LEP~~SELEP. All applications must meet the ~~criterion~~criteria a set out in the SSF guidance published on the SELEP website~~SELEP website~~. The funding will be deployed on a first-come first-served basis for those projects that meet the criteria.

~~5.205.29~~ Each bid must be supported by a completed SSF application template~~the completion of information using the SSF application template~~.

~~5.215.30~~ The appraisal of projects will be conducted by the SELEP Secretariat, followed by an independent review by the Accountable Body.

~~5.225.31~~ Projects which are successful through the appraisal process will be recommended to the Strategic Board for endorsement, prior to funding being approved by the ~~SELEP Managing Director~~Chief Executive Officer.

~~5.235.32~~ There will be an opportunity to submit SSF applications at least every six months, subject to sufficient funding being available within the annual allocation agreed by the Accountability Board. The lead dates for the submission of applications will be made available on the SELEP website~~the SELEP website~~.

~~5.245.33~~ If the total amount of SSF sought exceeds the amount available, then the Strategic Board will be asked to consider and prioritise the applications.

## **THE INDEPENDENT TECHNICAL EVALUATOR (ITE) 5.28**

- 5.255.34** An independent technical evaluator (ITE) has been appointed by the SELEP, to provide impartial technical advice to the Strategic Board, the Accountability Board, Investment Panel and local project sponsors on value for money and project deliverability. They are required to make recommendations to the Accountability Board on funding decisions, taking into account the agreed criteria for funding, as set out in the value for money section (5.89 below, ~~paragraph 5.10.~~).
- 5.265.35** The ~~Independent Technical Evaluator~~ITE review and external scrutiny of business ~~Cases~~cases is the process ~~through~~through which the SELEP assures that appropriate checks and balances are completed to ensure that fair and accurate information is presented to decision makers.
- 5.275.36** The ~~Independent Technical Evaluator~~ITE assessment is based on adherence of ~~scheme individual project~~business cases to the guidance set out in The Green Book (3.7 above, ~~and~~), and related departmental guidance such as the ~~Department for Transport's WebTAG~~Department for Transport's WebTAG (Web-based Transport Analysis Guidance) or the ~~MHCLG Appraisal Guide~~.Ministry for Housing Communities and Local Government (MHCLG) Appraisal Guide The Green Book, WebTAG and MHCLG Appraisal Guide provide proportionate methodologies for ~~scheme appraisal (i.e. project development) appraisal.~~ An assessment pro-forma has been developed based on the guidance and is available on the SELEP Website~~available on the SELEP Website.~~
- 5.285.37** The pro-forma supports the assessment of ~~the each~~ project on a consistent basis and is based on the five cases listed in 5.15 above~~5.2.5,~~ and which reflects the Green Book approach.
- 5.295.38** Each project is assessed and then given a RAG rating as follows:
- (a) ~~Green:green-~~ approach or assumption(s) in line with guidance and practice or the impact of any departures is sufficiently insignificant to the value for money category assessment~~;~~
  - (b) ~~Amber:amber-~~ approach or assumption(s) out of line with guidance and practice, with limited significance to the value for money category assessment~~;~~ but should be amended in future submissions (e.g. at Final Approval stage);~~at Gate 2 submission of the Business Case);~~
  - (c) ~~Red:—~~red- approach or assumption(s) out of line with guidance and practice, with material or unknown significance to the value for money category assessment, requires amendment or further evidence in support before ~~Gateway can be passed.~~ITE assessment can be passed and recommendations made to the Accountability Board for the approval of the project.

~~5.30~~5.39 all funding decisions sought by the Accountability Board will be supported by a recommendation from the ~~Independent Technical Evaluator~~ITE.

## **BUSINESS CASES 5.34**

~~5.34~~5.40 Business cases for all projects must include a value for money assessment and follow the Green Book (5.15 above) guidance on appraisal and evaluation, ~~and include a Value for Money statement.~~

~~5.32~~5.41 Business cases will also follow Government departmental guidance such as the Department for Transport's Transport Analysis Guidance~~Transport Analysis Guidance~~ (WebTAG) or similar non-transport guidance appropriate to their scheme with appropriate proportionality. Transport ~~schemes~~projects are defined, within MHCLG's National Local Growth Assurance Framework (1.5 above), as any scheme that significantly changes the transport network infrastructure, whatever its objective.

5.42 For transport schemes, central case assessments shall be based on forecasts consistent with the latest version of ~~National Trip End Model (NTEM)~~the National Trip End Model (NTEM) and the appraisal spreadsheets. Assumptions and ~~outcome~~outcomes must be included in the business case or supporting appendices to be considered by the SELEP and its appointed ~~Independent Technical Evaluator~~ITE.

~~5.33~~5.43 For skills schemes funded by the current LGF programme, the business cases will be evaluated based on Skills Funding Agency good practice, advice and guidance, tailored to reflect local circumstances as appropriate.

~~5.34~~5.44 Each business case will set out a statement of strategic and viable objectives and the specific outcomes that the scheme is intended to achieve.

~~5.35~~5.45 The business cases will include sign-off by the promoting partners Section 151 Officer, or equivalent, before being submitted to the SELEP for ITE review, as per the processes described (5.48 below ~~under 5.8.~~). Where the business case has been developed by a Government department or other statutory body under value for money exemption 2 (5.91(b) below ~~set out in 5.10.6.~~), written confirmation is required that an appropriate process has been followed to assure the value for money of this project. The allocation of funding for these business cases is still required to be approved by the Accountability Board.

~~5.36~~5.46 ~~The Independent Technical Evaluator~~The ITE will ensure that the approach taken by partners is robust, consistent with technical guidance and able to withstand scrutiny. In so doing, the ~~Independent Technical Evaluator~~ITE will collaborate with partners to minimise the time and cost associated with preparing business cases by adopting practices which are proportionate to the ~~specifics~~scale of each project.

~~5.37~~5.47 All business cases must provide a risk register, project programme, funding profile, ~~and~~

monitoring and evaluation plan.

## **BUSINESS CASE REVIEW BY THE ~~INDEPENDENT TECHNICAL EVALUATOR~~ITE FOR LGF PROJECTS 5.42**

~~5.38~~5.48 All LGF projects which have received a provisional funding allocation and seek funding approval will progress through a business case development progress, known as Gates 0 – 5.

~~5.39~~5.49 Only certain LGF projects will go through a Gate 4 and 5 review. This will include projects with ~~an~~ LGF allocation of over £8m and/or the project is identified as high risk by the ~~Independent Technical Evaluator~~ITE. These projects will be identified to the Accountability Board during the early gate submissions.

~~5.40~~5.50 Business cases with an LGF allocation of over £8m which include a programme of works, where no individual element exceeds a value of £5m, may not be required to go through a Gate 4 and 5 review. These projects will be agreed with Accountability Board on a project by project basis.

~~5.41~~5.51 Projects will be exempt from Gate 4 and 5 ~~review~~reviews, if the decision to award the full funding allocation to the project was made in advance of 24<sup>th</sup> February 2017, except where necessitated through the Change Request Process (6.16 below. See paragraph 6.6.).

~~5.42~~5.52 A Gate 4 and 5 review may also be required where a project change necessitates the review of the Project Business Case.

#### 5.435.53 Gate 0:

- (a) through the Capital Programme Manager, the ~~Independent Technical Evaluator~~ITE will provide early advice to project promoters on applying the assessment process on a project by project basis, including the appropriate approach and the process, procedures and timescales. ~~Through though a Gate 0 meeting or teleconference the scheme promoters will agree with the Independent Technical Evaluator an approach which is considered fit for purpose.~~
- (b) through a Gate 0 meeting or teleconference, the project promoters will agree with the ITE an approach to the project business case development which is considered proportionate to the project cost, LGF ask and is fit for purpose.

#### 5.445.54 Gate 1:

- (a) following Gate 0, project promoters must develop a business case commensurate with an outline business case as guided by The Green Book guidance (5.59 below   ) on appraisal and evaluation or other relevant Government departmental guidance. ~~;~~
- (b) To progress through Gate 1, the ~~Independent Technical Evaluator~~ITE will ~~independently~~ assess the outline business cases using a standard assessment pro-forma, and will, in the first instance, make recommendations to the Capital Programme Manager, ~~and~~ project promoter and relevant partners.

#### 5.455.55 Gate 2:

- (a) all projects will have an opportunity to make changes to the outline business case. ~~;~~ following the receipt of feedback from the ITE Gate 1 assessment. Once resubmitted, the ~~Independent Technical Evaluator~~ITE will conduct the Gate 2 ~~Assurance Review~~assessment, using the same assessment pro-forma as for Gate 1. ~~;~~
- (b) ~~5.8.5 On the basis of based on~~ the Gate 2 ~~Assurance Review~~assessment, recommendations ~~are~~will be made by the ~~Independent Technical Evaluator~~ITE to the Accountability Board on the value for money assessment and the certainty of that assessment's accuracy. The Accountability Board will then decide whether ~~or not~~ to approve the funding allocation. This may be subject to completion of Gate 4 and 5.
- (c) For projects which are required to complete Gate 4 and 5, a proportion of the funding can be approved following Gate 2, to support the capital spend on the development of the project, prior to full business case approval at Gate 5. The approval of funding on this basis is at the discretion of the Accountability Board and requires risk acceptance by the partner regarding repayment of the grant award, should the project not proceed to full delivery.

#### 5.465.56 Gate 3:

(a) this is for projects ~~that have funding for which the responsibility for business case approval is~~ retained by the Department for Transport (DfT), or ~~where~~when the business case is being developed by another Government department or statutory body ~~– (excluding local authorities);~~

~~(a)(b)~~ in these instances, the role of the ~~Independent Technical Evaluator~~ITE is to review the business case and provide professional advice to the Accountability Board of any key risks or issues arising ~~from that assessment~~ that need to be considered by the Accountability Board to support the associated decision for funding.

#### 5.475.57 Gates 4 and 5:

(a) large schemes with an LGF allocation of over £8 million, and those considered high risk by the Accountability Board, will be required to go through Gate 4 and 5 to develop a full business case, ~~where (if agreed with the Accountability Board on the completion of Gate 2–);~~

~~(a)(b)~~ as the project is further developed, costs could be significantly different from those estimated at outline business case stage, altering the value for money assessment. This change to project cost would also lead to a requirement for ~~Gate 4 and 5a~~ review of a full business case under the change request process (6.16 below);

~~5.8.8 The Gate 4 and 5 review will enable a proportion of the funding to be approved to the project to support capital spend on the development of the project prior to Full Business Case approval, at Gate 2. The approval of funding on this basis is at the discretion of Accountability Board and requires acceptance of the risk by the Partners with regard to repayment of grant awarded should the project not proceed to full delivery.~~

~~(b)(c)~~ Gate 4 is commensurate with Gate 0, outlining the approach, process, procedures and timescales for development of the full business case;

~~(c)(d)~~ Gate 5 is an assurance review of the submitted full business case. The Gate 5 review should take place following detailed design and procurement of the construction contract, but in advance of the construction contract award and construction works commencing. It is not anticipated that this process is iterative. Based on the assurance review, recommendations are made by the ~~Independent Technical Evaluator~~ITE to the Accountability Board on the value for money assessment and the certainty of that assessment's accuracy. The Accountability Board will then consider approval of the project for funding.

5.485.58 For projects seeking funding to support the development of a specific business case, the role of the

~~Independent Technical Evaluator~~ITE will be to review the intention to develop the business case, and to provide professional advice to the Accountability Board of any key risks or issues arising from that assessment. In such instances, it is expected that the advice will include an indication of whether ~~or not~~ the business case to be developed will be expected to meet the value for money assessment criteria (5.90 below ~~as set out below~~).

5.495.59 Where a package of ~~interdependent~~investment projects is being considered for LGF, the partner may bring smaller packages or projects forward through the gate review process as appropriate. Each individual project within the programme should demonstrate benefits which contribute to the strategic and economic objective of the overall programme. The business case should provide evidence that double counting of project benefits has not taken place.

5.505.60 ~~Interdependent~~ Projects are defined as ~~those where~~a package of investment if:

- (a) there is a clear strategic case which is consistent for all the packages of investment;
- (b) consistent strategic objectives are defined for the package of investment;
- (c) there is clear evidence that the project directly contributes to the benefits of the package of investment;
- (d) there is clear evidence that the delivery of the project forms an integral part of the programme's strategic objectives and value for money being achieved; and
- (e) ~~An Independent Technical Evaluator~~an ITE review of the package of investment has been completed which confirms that the overall package of investment demonstrates high value for money.

5.515.61 Where the LGF allocation to individual projects within a package of ~~interventions~~investment does not exceed £8m and the package does not present high risk, the package will be exempt from completing Gate 4 and 5.

5.525.62 The Gate 2 outline business case for the project will be published on the SELEP website when it is submitted to the Secretariat and ~~Independent Technical Evaluator~~ITE for the Gate 2 review. This will be published at least one month in advance of the Accountability Board meeting at which the funding decision ~~is~~will be taken, subject to the removal of those parts which are commercially sensitive and confidential (3.8 above).

5.535.63 For those projects completing a Gate 4 and 5 review, the full business case will also be updated at the point of Gate 5 submission to the Secretariat and ~~Independent Technical Evaluator~~ITE. This will be published at least one month in advance of the Accountability Board meeting at which the funding decision ~~is~~will be taken, subject to the removal of those parts which are commercially sensitive and confidential.

~~5.54~~5.64 The cost of ~~SELEP Independent Technical Evaluator~~ the ITE completing one review at each gate of the business case review process, will be funded through the SELEP Secretariat revenue budget for all projects identified within ~~SELEP~~ the SELEP's Growth Deal programme, subject to the ~~council~~ County Council and Unitary Authorities maintaining the level of their contribution to the SELEP Secretariat budget.

~~5.55~~5.65 The cost of an ~~Independent Technical Evaluator~~ ITE review of a ~~Project~~ business case will be funded by the partner where a project change request (6.16 below ~~Project Change Request~~) has triggered the review of the business case on more than one occasion, and where a ~~Project is required to repeat the ITE~~ gate review process needs to be repeated due to:

- (a) the business case being insufficiently well developed to complete a gate of the ITE review process; or
- (b) the ITE having not been provided with the necessary information to enable them to complete a gate of the review process and ~~for~~ make recommendations ~~to be made~~ to the Accountability Board.

### ~~5.3 Project Proposal evaluation for other funding awards~~

~~5.9.1 Projects seeking GPF Capital loan funding will be required to complete Gate 2 of the Business Case review process, as set out in paragraphs 5.8.4 and 5.8.5 and fulfil the value for money requirements as set out in section 5.10.~~

~~5.9.2 Projects seeking award of SSF will be subject to an independent review by the Accountable Body that is proportionate to the investment requested and in line with the process for awarding the funding as agreed by the Strategic Board in June 2017 and published on the SELEP website.~~

~~5.56~~3.1 ~~5.9.3 Any other funding awards will follow the terms and conditions of the grant from the respective awarding body.~~

### ~~5.4 Value for Money~~

~~5.10.1 The Independent Technical Evaluator shall ensure that all evidence provided by the Partners, including Value for Money, is robust and relevant. They will report back to Partners on any inconsistencies that need to be addressed if the project is to go forward for consideration for funding. Value for Money is assessed on the basis of the methodology outlined in The Green Book published by the Treasury or alternative appropriate Government guidance; this assessment includes the calculation of the Benefit Cost Ratio, which forms part of the value for money assessment.~~

~~5.5.73.1~~ ~~5.10.2~~ ~~To receive a recommendation for approval, projects should have:~~

- ~~(a) A clear rationale for the interventions linked with the strategic objectives identified in the Economic Strategic Statement;~~
- ~~(b) clearly defined outputs and anticipated outcomes, with clear additionality, ensuring that factors such as displacement and deadweight have been taken into account;~~
- ~~© Considers deliverability and risks appropriately, along with appropriate mitigating action (the costs of which must be clearly understood); and~~
- ~~(d) A Benefit Cost Ratio of at least 2:1 or comply with one of the two exemptions listed in 5.10.4 and 5.10.6 below.~~

~~5.10.3 Certain schemes may be eligible for exemption from the condition stated in (d) above, under one of the following exemptions.~~

~~5.10.4 Exemption 1: This may be applied where a project does not present High Value for Money (a Benefit Cost Ratio of over 2:1); but~~

- ~~5.10.4.1 has a Benefit Cost Ratio value of greater than 1.5:1; or~~
- ~~5.10.4.2 where the project benefits are notoriously difficult to appraise in monetary terms.~~

~~5.10.5 Exemption 1 will only apply if the following conditions are satisfied:~~

- ~~(1) The funding sought from SELEP in relation to the project must be less than £2.0m and to conduct further quantified and monetised economic appraisal would be disproportionate; and~~
- ~~(2) where there is an overwhelming strategic case (with minimal risk in the other cases); and~~
  - ~~(i) there are qualitative benefits which, if monetised, would most likely increase the benefit cost ratio above 2:1.~~

~~5.10.6 Exemption 2: This may be applied where a project does not demonstrate a High Value for Money (a Benefit Cost Ratio of over 2:1), but has a Benefit Cost Ratio of over 1:1, and only if the following conditions are satisfied:~~

- ~~(a) there is an overwhelming strategic case that supports the prioritisation of this project in advance of other unfunded investment opportunities identified in the SEP; and~~
- ~~(ii)(i) there is demonstrable additionality which will be achieved through investment to address a clear market failure; and~~
- ~~(b) there are no project risks identified as high risk and high probability after mitigation measures have been considered; and~~
- ~~(c) there are assurances provided from the organisations identified below that the project business case, including value for money, has been considered and approved for funding through their own assurance processes.~~

- ~~• a Government department;~~
- ~~• Highways England;~~
- ~~• Network Rail;~~
- ~~• Environment Agency; or~~
- ~~Skills Funding Agency.~~

~~5.10.7 On completion of a business case review, the Independent Technical Evaluator will make recommendations to Accountability Board on projects that perform well against the assessment criteria which is available on the SELEP Website and therefore should be funded. Where projects do not perform well against the assessment criteria, recommendations will be made back to SELEP and the promoting authority to either further develop the case for the project or to consider alternative options.~~

~~5.10.8 The Accountable Body will ensure that all projects sent for approval to the Accountability Board include a value for money statement that has been prepared in line with the requirements set out in this Assurance Framework.~~

~~5.10.9 The Accountability Board will review the recommendations made by the Independent Technical Evaluator, including the Value for Money statement when schemes are presented for approval to ensure that they meet the criteria set out above.~~

~~5.10.10 Successful schemes will progress to delivery. Unsuccessful schemes will be considered by the local Federated area for revision, removal from the programme or adding to a reserve list. Strategic Board and Accountability Board will be informed of any amendments / removal of any projects to and from the SELEP pipeline of projects which have been provisionally allocated or awarded funding.~~

~~5.10.11 The SELEP Capital Programme Manager has overall responsibility for ensuring value for money for all projects and programmes and is responsible for overseeing the Independent Technical Evaluation assessment and recommendations relating to each business case. The SELEP Capital Programme Manager is required to act independently from the project promoting the business case and to sit outside the management unit responsible for developing and promoting the business case.~~

~~5.10.12 The SELEP will seek assurances from the Section 151 officer or equivalent responsible financial officer of the promoting Partner that the Value for Money assessment is true and accurate.~~

## **~~6. Programme Management~~**

### **MONITORING AND EVALUATION OF PROJECTS 5.60**

~~5.58~~5.66 For all GPF ~~capital~~ and LGF projects that are awarded funding by the SELEP, the partner will be required to provide an initial project programme including:

- (a) An outline/detailed design;
- (b) statutory requirements;
- (c) consultations;
- (d) procurement;
- (e) construction;
- (f) a statement of expected outputs and outcomes;
- (g) a risk and mitigations statement.

~~5.59~~5.67 ~~The Accountability Board through the~~ Partner Authorities are required to submit regular detailed project monitoring reports at quarterly intervals for all GPF capital and LGF projects. This process will be managed by the SELEP Capital Programme Manager and will enable ~~on-going~~ongoing monitoring and

evaluation of individual projects and the impact of the overall programme.

5.68 Through the delivery and completion of projects, SELEP will ensure that the publicity of LGF projects meets with the Governments branding guidelines. This includes the use of the appropriate branding and wording for websites, signage, social media, press notices and other marketing materials.

5.69 A proportionate approach to monitoring and evaluation will be implemented, ensuring that evaluation objectives relate back to the business case and builds on assumptions used in the appraisal process.

5.70 Monitoring and evaluation will focus on ~~those~~ outcomes that are most relevant to the impact of the project's objectives, as defined in the project business case, but will include, where appropriate, an evaluation of the impact of the intervention on the following Growth Deal outcomes:

- (a) housing unit completion;
- (b) jobs created or safeguarded;
- (c) commercial/employment ~~floor space~~ floorspace completed;
- (d) number of new learners assisted;
- (e) area of new or improved learning/training floor space; and
- (f) apprenticeships.

5.71 Partner authorities for LGF projects must provide monitoring reports on the following measures, and any others identified by Government, to the Secretariat for each project:

- (a) grant spend to date and spend forecast across the agreed profile;
- (b) spend to date and forecast spend of matched contributions and funding leveraged compared to the agreed profile;
- (c) project delivery against agreed milestones;
- (d) identified risks and associated mitigations; ~~and~~
- (e) outputs and outcomes forecast and delivered to date against the agreed profile; ~~and~~
- (f) identified Project Changes, as set out in 6.16 below ~~paragraph 6.6 below.~~

5.72 Each partner is required to provide reports to the Capital Programme Manager in advance of each Accountability Board meeting, in a format ~~as~~ specified by the Secretariat.

5.645.73 Each partner has identified a Lead Responsible Officer who is accountable for ensuring that the LGF project reporting is completed in full and to the timescales required by the Secretariat.

5.655.74 ~~In order~~ To facilitate the gathering and discussion of the reporting, a Programme Consideration Meeting will be held a month in advance of each Accountability Board meeting to bring together the Lead Responsible Officer, or their nominated delegate, for ~~Local Growth Fund~~ LGF spend from each federated area.

5.665.75 The Programme Consideration Meetings are held to ensure a coordinated approach to the management of the LGF Programme and GPF Programme, in accordance with the Assurance Framework, grant agreements and SLAs in place between the Accountable Body and the partners.

5.675.76 The responsibilities of the Programme Consideration Meeting group are to:

- (a) report and agree LGF spend forecast against each specific project included in the Growth Deal to be reported to the Accountability Board;
- (b) agree the LGF spend forecast for the next quarter transfer of LGF, in line with the conditions of the SLAs and/or grant agreements;
- (c) agree the risk score for each specific LGF Project in the Growth Deal Programme and the mitigation to be put in place during the next quarter to manage project risk;
- (d) ~~To~~ agree the Project outcomes to be reported to Government;
- (e) share lessons learnt from the delivery of LGF and GPF capital projects;
- (f) support the Capital Programme Manager in managing the LGF and GPF capital programmes in accordance with the Assurance Framework, grant agreements, loan agreements and SLAs in place between the Accountable Body and the partners;
- ~~(a) — Act as officer representatives for each of the Federated Areas;~~
- ~~(b) — Provide feedback to the Federated Boards about management of the LGF and GPF capital programmes and the delivery of the Growth Deal within their Federated Area;~~
- (g) report on the GPF capital investment to date and planned GPF capital spend
- (h) receive updates on the delivery of GPF projects;
- (i) identify risks in relation to GPF capital project delivery and the repayment of GPF loans.

5.685.77 The Programme Consideration Meeting group does not have authority to make decisions over the management of the LGF or GPF capital programmes. However, all recommendations of the Programme

Consideration Meeting group are reported to Accountability Board for consideration and formal approval. Full Terms of Reference for the Programme Consideration Meeting group are available on the [SELEP website](#)~~SELEP website.~~

5.695.78 In addition to the quarterly updates on the delivery of LGF and GPF projects, LGF projects are also required to complete one-year post-scheme evaluation and three/five-year post-scheme evaluation reporting, following ~~SELEP~~the SELEP's standard project evaluation templates for all projects ~~with an LGF award of £2m or over.~~

5.705.79 The one-year post-scheme evaluation focuses on the delivery of the outputs stated within the original business case. This provides a review of the lessons learnt through the development and delivery of the project, as well as considering any project outcomes achieved to date. This one-year post-scheme completion must be completed by the end of the subsequent financial year following project completion.

5.745.80 The three/five-year post-scheme evaluation focuses to a greater extent on the delivery of the outcomes of the project. For projects with a total project cost of less than £8m, the ~~three~~three/five-year post-scheme evaluation must be completed within three years of post-scheme evaluation. For projects with a scheme cost of over £8 the three/five-year post-scheme evaluation must be completed by within five years of project completion.

5.725.81 Projects are exempt from the requirement to complete one year and three/five years post-scheme evaluation if plans are in place for the evaluation of the project through an alternative Government department, Government-owned company or non-departmental public body, and the outcome of which can be shared with the SELEP.

5.82 The monitoring and evaluation reports, completed by local partners, will be subject to independent review by SELEP.

5.735.83 All monitoring and evaluation reports discussed at the Accountability Board, Investment Panel and the Strategic Board will be published on [the SELEP website](#)~~the SELEP website~~ on individual project pages.

5.745.84 Federated Boards will manage programmes within the agreed tolerance levels, and ~~reporting~~report regularly to the Accountability Board regarding delivery and risks. Changes required to projects outside the tolerance levels, or any significant modifications to project scope, outputs or outcomes arising during development or even construction, must be clearly reported for decision prior to implementation.

5.755.85 For SSF projects, the Partner Authority is required to provide the SELEP Strategic Board with project updates ~~ontwice~~ a bi-annual basis~~year~~. The reporting, monitoring and evaluation requirements for SSF projects will be proportionate to SSF award and the overall scale of the project. It is expected that the respective working group for the SSF project will have an active role in overseeing the delivery of the project and considering any project changes, prior to submission to the SELEP Secretariat for approval (6.25 below, ~~as set out in section 5.4.~~).

## **PROJECT PROPOSAL EVALUATION FOR OTHER FUNDING AWARDS 5.80**

5.86 Projects seeking GPF capital loan funding will be required to complete Gate 2 of the business case review process (5.48 above) and fulfil the value for money requirements (5.90 below).

5.765.87 Projects seeking funding from the SSF will be subject to an independent review by the Accountable Body proportionate to the investment requested, and in line with the process for awarding the funding as agreed by the Strategic Board in June 2017 and published [on the SELEP website](#).

5.88 Any other funding awards will follow the terms and conditions of the grant from the respective awarding body.

## **VALUE FOR MONEY 5.83**

5.89 The ITE shall ensure that all evidence provided by the partners, including value for money, is robust and relevant. They will report back to partners on any inconsistencies that need to be addressed before the ITE review can be completed and the funding decision taken to the Accountability Board. Value for money is assessed based on the methodology outlined in The Green Book (3.7 above) published by the Treasury or alternative appropriate Government guidance; this assessment includes the calculation of the benefit to cost ratio, which forms part of the value for money assessment.

5.90 To receive a recommendation for approval, projects should have:

- (a) a clear rationale for the interventions linked with the strategic objectives identified in the Economic Strategy Statement;
- (b) clearly defined outputs and anticipated outcomes, with clear additionality, ensuring that factors such as displacement and deadweight have been taken into account;
- (c) consideration of deliverability and risks appropriately, along with appropriate mitigating action (the costs of which must be clearly understood); and
- (d) a benefit to cost ratio of at least 2:1 or comply with one of the two exemptions listed (5.91 below).

5.91 Certain projects may be eligible for exemption from the condition stated in (d) above, under one of the following exemptions:

- (a) Exemption 1 (all criteria i–v must be met):
  - (i) the project has a benefit to cost ratio greater than 1.5:1, or the project benefits are notoriously difficult to appraise in monetary terms; and
  - (ii) the funding sought from the SELEP is less than £2m; and

(iii) to conduct further quantified and monetised economic appraisal would be disproportionate to the LGF ask; and

(iv) there is an overwhelming strategic case (with minimal risk in the other cases of the business case); and

(v) there are qualitative benefits which, if monetised, would most likely increase the benefit-cost ratio above 2:1.

(b) Exemption 2 (all criteria i–v must be met):

(i) the project has a benefit to cost ratio of over 1:1; and

(ii) there is an overwhelming strategic case that supports the prioritisation of this project in advance of other unfunded investment opportunities identified in the ESS; and

(iii) there is demonstrable additionality which will be achieved through investment to address a clear market failure; and

(iv) there are no project risks identified as high-risk impact, and with high probability of that risk occurring, after risk mitigation measures have been considered; and

(v) there are assurances provided from at least one of the organisations identified below that the project business case, including value for money, has been considered and the organisation have approved the project for funding through their own assurance processes:

- a Government department;
- Highways England;
- Network Rail;
- Environment Agency; or
- Skills Funding Agency.

5.92 On completion of a business case review, the ITE will make recommendations to the Accountability Board on projects that perform well against the assessment criteria and therefore should be funded. Where projects do not perform well against the assessment criteria, recommendations will be made back to the SELEP and the promoting authority to either further develop the case for the project, or to consider alternative options.

5.93 The Accountable Body will ensure that all projects sent for approval to the Accountability Board include a value for money statement that has been prepared in line with the requirements set out in this Assurance

Framework.

5.94 When funding decisions are considered by the Accountability Board, the Accountability Board reports include:

- (i) the outcome of the ITE assessment;
- (ii) the availability of funding;
- (iii) details of any high project risks;
- (iv) the alternative project options which have been considered;
- (v) any comments received by SELEP directly (prior to the publication of the report) from members of the public or other stakeholders, in relation to the project.
- (vi) consideration as to whether the funding decision is compliant with the requirements of this Assurance Framework;
- (vii) impartial advice and recommendations from the SELEP secretariat on whether to fund the project under consideration; and
- (viii) Accountable Body comments on the legal and financial implications of the funding decision.

5.95 The project business case is also made available as a background document to the Accountability Board report.

5.96 Successful projects will progress to delivery. Unsuccessful projects will be considered by the local partner for revision or will be removed from the programme.

5.97 The Accountability Board is required to agree the removal of any project from either the LGF or GPF programme. The Strategic Board will be informed of any amendments or removal of any projects to and from the SELEP pipeline of projects which have been provisionally allocated or awarded funding.

5.98 The SELEP Capital Programme Manager has overall responsibility for ensuring value for money for all projects and programmes and is responsible for overseeing the ITE assessment and recommendations relating to each business case. The SELEP Capital Programme Manager is required to act independently from the project promoting the business case, and to sit outside the management unit responsible for developing and promoting the business case.

5.99 The SELEP will seek assurances from the Section 151 Officer or equivalent responsible financial officer of the promoting partner that the value for money assessment is true and accurate.

## **PROGRAMME MANAGEMENT 6**

### **MANAGING PROJECT SLIPPAGE IN THE LGF PROGRAMME 6.1**

- 6.1 Through effective management of the SELEP Capital Programme, opportunities are sought to reduce the levels of slippage in grant spend in any given financial year. However, where slippage exists, approval can be sought from the Accountability Board to implement mitigation.
- 6.2 The Accountability Board has approved a range of measures to enable slippage in spend of the LGF to be managed; these are embedded within the SLAs. This enables the partner, subject to the approval of the Accountability Board, to manage any slippage of the funding between financial years within one of the following options:
- (a) ~~(a)~~ Option 1: ~~Bringing forward increase the amount of planned future year LGF spend on approved schemes being delivered in the current 2019/20 for projects which were already profiled to spend LGF programme in 2019/20.~~
  - (b) ~~(b)~~ Option 2: ~~Bringing bring forward of future year LGF schemes spend in 2019/20 for projects which are not due to spend in the current year; LGF until 2020/21;~~
  - (c) ~~(c)~~ Option 3: transfer of LGF spend on schemes between Partner Authorities (this will be completed as a direct payment from Accountable Body to the Partner Authority, subject to Accountability Board agreement, under the grant payment process set out in 4.6 above ~~paragraph 4.2);~~); and
  - ~~(d)~~ Option 4: re-profiling of profile spend between LGF projects and Capital Programme projects.
  - (d) ~~The use of Option 4~~ This option should only be applied where there is no opportunity to apply options 1, 2 or 3, and federated areas are encouraged to only apply option 4 mitigation as a last resort.
  - (e) ~~Should none of the options 1 – 4 above be implemented the alternative route will be for~~ Option 5: Any LGF held by the SELEP at the end of financial year to be carried forward into the subsequent financial year, within the SELEP's accounts ~~(Option 5).~~

### **MANAGING PROJECT SLIPPAGE IN THE GPF PROGRAMME 6.3**

- 6.3 Where a project is unable to spend the full amount of GPF which has been allocated and transferred to the Partner Authority within a financial year, the Partner Authority may carry forward the GPF within partner accounts, subject to approval by the Accountability Board.
- 6.4 The Partner Authority will be required to declare the amount of GPF spent and GPF carried forward at the end each financial year.

## ARRANGEMENTS FOR LGF UNDERSPENDS **6.5**

- 6.5 Under the terms of the SLAs, the ~~respective~~ Partner Authority may retain the proceeds of project underspends for use on other LGF schemes or to offset overspend, ~~provided that if~~ this is within the tolerance levels of no more than 10% variance on any individual ~~local growth fund~~ LGF project. As part of the ~~on-going~~ reporting process, the Accountability Board will be informed of such amendments to support its assurance function.
- 6.6 As stated ~~in~~ 6.16 below ~~under 6.6.1~~, a project cannot receive an additional LGF allocation which exceeds the 10% threshold; i.e. an additional LGF allocation which exceeds the projects original LGF allocation by greater than 10% ~~%, unless additional funding is allocated by the Investment Panel through the prioritisation of the project following a competitive call for projects.~~
- 6.7 If any LGF underspend is identified below the 10% threshold, and a suitable LGF project is identified locally which requires the funding, then this funding may be retained locally, ~~as long as (if this does not exceed the 10% threshold of the project to which the underspend is being transferred).~~ In the event of underspends being identified on a specific project of below the 10% threshold, but no alternative LGF project being identified locally which can spend the LGF allocation without exceeding its 10% threshold, then the funding must also be returned to the SELEP.
- 6.8 In the event of LGF underspend being identified which exceeds the 10% threshold of the project's LGF allocation, this must be returned to the SELEP for reinvestment in projects included in the LGF pipeline.
- 6.9 In the event of a project being cancelled from the LGF programme, the expectation is that the LGF allocation would be returned to the SELEP for reinvestment in projects included in the LGF pipeline, unless a project change is approved by the Accountability Board, or the Accountability Board agree a compelling reason not to recover the LGF spend to date (assuming the expenditure remains a capital cost).
- ~~6.8.10~~ 6.10 In circumstances where funding received by partners can no longer meet the conditions of the grant, as set out in the relevant grant or SLA, the funding must be returned to the Accountable Body as soon as reasonably possible. The Accountability Board will be responsible for its future allocation in accordance with this Assurance Framework.

## PROCESS FOR INTRODUCING A NEW PROJECT INTO THE LGF PROGRAMME **6.11**

- ~~6.9.11~~ 6.11 In the case of LGF underspend being identified and returned to the SELEP, the Accountability Board may award funding to a project included within the pipeline of LGF projects agreed by the ~~Strategic Board or~~ Investment Panel, based on the amount of LGF available.
- ~~6.10.12~~ 6.12 Provided ~~sufficient~~ enough funding is available, LGF should be allocated to the next priority identified within the single pipeline of LGF projects agreed by the Investment Panel.

~~6.14~~6.13 As LGF underspend becomes available, the highest ranked project on the LGF pipeline will be made aware of the opportunity to come forward with an updated outline business case for a Gate 1 and 2 review, prior to a funding decision being sought from the Accountability Board.

~~6.126~~6.14 If there is insufficient LGF underspend available to fund the next project included within the pipeline, then the Accountability Board can agree to hold a funding decision for a maximum of six months (from the point of the Accountability Board being aware of the underspend), until ~~sufficient~~enough LGF underspend is made available. If insufficient funding is available after six months, the next project on the ~~LGF3b~~LGF pipeline which can utilise the amount of LGF available will be brought forward for consideration by the Accountability Board for a funding award.

~~6.136~~6.15 The LGF single pipeline will be reviewed by the Investment Panel, at the request of the Strategic Board.

#### **APPROVING CHANGES TO LGF PROJECTS 6.16**

~~6.146~~6.16 Any variations to a project's costs, scope, outcomes or outputs from the information specified in the business case must be reported to the Accountability Board. The following changes would require approval by the Accountability Board:

- (a) cancellation of a project which had received a provisional funding allocation in the agreed ~~Local~~ Growth ~~Plan~~Deal;
- (b) inclusion of a new project within the LGF which has been identified within the SELEP's pipeline;
- (c) acceleration of a project previously programmed to start in later years;
- (d) delays to project start or end dates of more than six months;
- (e) all changes to project LGF allocations above the 10% threshold;
- (f) any re-profiling of LGF between financial years;
- (g) any changes to total project costs above ~~a~~ 30% or a £500,000 threshold which are identified prior to the construction contract award;
- (h) any substantial changes to the expected project benefits, outputs and outcomes as agreed in the business case which may detrimentally impact on the value for money assessment. In such circumstances, it is expected that the business case should be re-evaluated by the ITE; and
- (i) any further changes as may be defined by the Government.

~~6.156~~6.17 The partner shall not make any change to projects, as listed in 6.16 above ~~6.6.1~~6.17, without the Accountability Board's prior approval.

**6.16.18** Where there is a change to the nature of the project outcomes to be delivered through the intervention, or there is a change to the theme of the project (e.g. transport, housing, business support, flood management, skills, innovation), then this will be treated as the cancellation and introduction of a new project rather than a project change.

**6.19** Where it is less apparent as to whether there is a project change or whether a new project is being developed, then the Accountability Board will be asked to consider these decisions on a case by case basis. Furthermore, any proposals by Partner Authorities to reallocation of LGF underspend within a package of investment (as defined in 6.5 above), is also subject to consideration and approval by the Accountability Board on a case by case basis.

**6.17.20** The partner and Accountable Body will abide by any alternative definition of change, and any approval process for reporting change, as imposed by the Government.

**6.18.21** A copy of the change request template is available on [the SELEP website](#). It is expected that the project change will be agreed by the local delivery partners processes prior to submission to [the SELEP](#). This includes the review of the change request by finance officers and a Senior Responsible Officer within the Partner Authority.

**6.22** Where a project is found to be non-compliant with the SLA under which the funding was transferred, the project will be brought to the attention of the Accountability Board and a decision sought as to the appropriate action to be taken. There must be compelling justification for any decision to not pursue recovery of LGF spent against the conditions of the SLA where there are legal grounds to do so.

## **APPROVING CHANGES TO GPF PROJECTS 6.23**

**6.19.23** Any variations to a GPF project's costs, scope, outcomes or outputs from the information specified in the business case must be reported to the Accountability Board. The following changes would require approval by the [Accountability](#) Board:

- (a) cancellation of a project that which had received a provisional funding allocation;
- (b) acceleration of a project previously programmed to start in later years;
- (c) delays to project start or end dates of more than six months;
- (d) all changes to a project's GPF allocation;
- (e) any changes to total project costs above 30% or a £500,000 threshold which are identified prior to the construction contract award;
- (f) any changes to the GPF repayment schedule;
- (g) any substantial changes to the expected project benefits, outputs and outcomes as agreed in the

business case which may detrimentally impact on the value for money assessment. In such circumstances, it is expected that the business case should be re-evaluated by the ITE; and

(h) any further changes as may be defined by the Government.

6.206.24 The partner shall not make any change to projects, as listed in 6.7.1a-h without the Accountability Board's prior approval.

## **APPROVING CHANGES TO ~~SECTOR SUPPORT FUND (SSF) PROJECTS~~** **PROJECTS 6.25**

6.246.25 Any variations to ~~an~~ SSF project's costs, scope, outcomes or outputs from the information specified in the application must be reported to the SELEP Secretariat prior to implementation.

6.226.26 Where there are changes to the scope and/or SSF allocation, the project promoter is required to update the completed SSF application template for an updated independent review by the Accountable Body and endorsement by the Strategic Board.

6.236.27 If the project change is not agreed and the conditions of the grant cannot be satisfied, the applicant will be required to repay the grant to the SELEP, as per the conditions of the agreement.
