

Success story

Student name: David Dairo
Course studied: AWS re/Start

techtalent
academy

Overview

We caught up with David at the end of their course and asked them a few details about their experience with TechTalent Academy, our amazing trainers and how the course has helped them achieve their goals.

Why join the course?

Interested in the clouds and deployment.

What were you doing before?

I was a Sound Engineer

What did you enjoy on the course and what challenged you?

The different services.

What skills from the course are you using in your new role?

S3 Buckets and AWS Elements.

Why are you excited to start a career in tech?

Want to become a Dev.

How has the course impacted you personally and professionally?

Made me more aware.

How would you sum up the course?

Fast but good.

Since completing the course with us, David has started a job as a DevOps Engineer at Sky.

“TechTalent Academy was set up to solve two issues – create more diverse tech teams and to upskill and bring more people into the sector. We teach the skill set that industry needs and provide the opportunities for the many thousands of people who dream of working in tech.”

Janice Rae | CEO & Founder
