Section One - Introduction

Introduction

- 1.** The South East Local Enterprise Partnership (SELEP) brings together key leaders from business, local government, further and higher education in order to create the most enterprising economy in England through exploring opportunities for enterprise whilst addressing barriers to growth.
- 2.** Covering Essex, Southend, Thurrock, Kent, Medway and East Sussex, the SELEP is the largest strategic enterprise partnership outside of London. The SELEP is one of 38 partnerships set up by the Government to be the key body determining strategic economic priorities while making investments and delivering activities to drive growth and create local jobs.
- 3.** The SELEP is an unincorporated informal partnership. To facilitate the operations of the SELEP, Essex County Council acts as the Accountable Body for the partnership. This means that the Council receives funds and makes payments on behalf of the SELEP, oversees contract management with suppliers and ensures that the Partnership has sufficient cash flow.

Revenue Expenditure

- 4.** The original revenue expenditure budget for the South East LEP for financial year 2016/17 was set at £1,924,000. The following income streams were budgeted to support the expenditure in year:
 - Core Grant from Central Government of £500,000;
 - Application of £255,000 of the Growing Places Fund revenue grant to support the administration costs of the fund and payment of grants to other partners;
 - Application of £731,894 in specific grants;
 - £206,000 of interest receipts earned on balances held;
 - £200,000 of contributions from partners; and
 - A contribution of £31,000 from the SELEP's own reserve.
- 5.** At the end of the financial year SELEP had applied a total of £1,423,000 of revenue Government Grants, received a total of £321,000 in partner contributions and other contributions, and £240,000 of external interest was received in respect of balances held for the Growing Places Fund and Local Growth Fund.

Section One - Introduction

6. Total gross expenditure at the end of the financial year totalled £1,852,000; £72,000 less than budgeted and recognised £1,984,000 of income. This was £91,000 more than budgeted income.
7. In total the Partnership's income exceeded expenditure by £132,000. This surplus has been transferred to the general reserve.

Growing Places Fund Grant

8. A grant of £49 million was made to the South East LEP under the Growing Places Fund initiative. The Growing Places Fund grant was to be used to establish a revolving infrastructure fund that could be used across the LEP area to bring forward economic regeneration projects that have stalled.
9. The GPF grant has been fully allocated and projects are in train. A total of £2.435 million of the grant was paid out in loans during the financial year. Some projects in the first round of allocations have begun to repay and a total of £3.455 million was repaid in 2016/17.

Local Growth Fund Grant (incl. LTP Major Projects Grant)

10. Capital grants of £89.770 million were made to the South East LEP to deliver the Growth Deal as agreed between the partnership and Government. A further £1.077 million was carried forward from 2015/16 to be applied in year. Of the total £90.847 million, £86.431 million was allocated to upper tier Local Authorities and further education colleges across the partnership geography to invest in projects approved by the partnership's Accountability Board. The remaining £4.416 million has been carried forward for application in 2017/18.

Section Two – Statement of Responsibilities

Statement of Responsibilities

11.Executive Director for Corporate and Customer Services’ responsibilities

The Executive Director for Corporate and Customer Services is responsible for the preparation of the SELEP’s Statement of Accounts in accordance with proper practices as set out within the CIPFA/LASAAC Code of Practice on Local Authority Accounting in the United Kingdom (the ‘Code of Practice’). In preparing this Statement of Accounts, The Executive Director for Corporate and Customer Services has:

- Selected suitable accounting policies and applied them consistently
- Made judgements and estimates which were reasonable and prudent
- Complied with the Code of Practice
- Kept proper, up to date, accounting records
- Taken reasonable steps for the prevention and detection of fraud and other irregularities

12.Executive Director for Corporate and Customer Services’ certificate

I certify that this Statement of Accounts has been prepared in accordance with proper practices, and presents a true and fair view of the financial position of the South East Local Enterprise Partnership at 31 March 2017 and its expenditure and income for the year then ended.

Margaret Lee, Executive Director for Corporate and Customer Services
15 December 2017

Section Two – Statement of Responsibilities

13. Chairman of the SELEP Board's certificate

I approve these accounts on behalf of the South East Local Enterprise Partnership Board and confirm that they were considered by the Strategic Board at its meeting on 15 December 2017.

A handwritten signature in black ink, appearing to read "Chris Brodie", with a horizontal line extending from the end of the signature.

Section Three – Statement of Accounts

Statement of Accounts

14.The Partnership's accounting statements for 2016/17 comprise:

- **Movement in Reserves Statement**

This statement shows the movement in year on the different reserves held by the Partnership, analysed into 'usable' reserves (i.e. those that can be applied to fund expenditure or reduce contributions) and 'unusable' reserves. The General Fund Balance at the line 'Balance at 31 March 2017' shows the funds available to the Partnership in 2017/18 and future financial years.

- **Comprehensive Income and Expenditure Statement**

This statement shows the accounting cost in the year of providing services in accordance generally accepted accounting practices.

- **Balance Sheet**

The Balance Sheet shows the value of the assets and liabilities recognised by the Partnership and the Accountable Body. The net assets of the Partnership are matched by the reserves held by the Partnership. Reserves are reported in two categories:

Usable reserves – those the Partnership may use to fund expenditure.

Unusable reserves – those that the Partnership is not able to use to fund expenditure. These include reserves that hold adjustments between accounting and funding certain transactions which are permitted under regulations.

- **Cash Flow Statement**

The cash flow statement shows the changes, during the reporting period, in cash and cash equivalents of the Partnership. It shows how the Partnership generates and uses cash and cash equivalents by classifying cash flows as operating, investing and financing activities.

15.Supplementary information is set out within the notes to the accounts to provide further information on the financial performance of the Partnership during 2016/17.

Section Three – Statement of Accounts

Notes to the Statements of Accounts

16. Accounting Policies

Introduction

The Statement of Accounts summarises the Partnership's transactions for the 2016/17 financial year, and its position as at 31 March 2017. The accounting policies explain the basis for the recognition, measurement and disclosure of transactions and other events within the Statement of Accounts.

The Partnership's Statement of Accounts is prepared in accordance with the Chartered Institute of Public Finance and Accountancy (CIPFA) Code of Practice on Local Authority Accounting in the United Kingdom 2016/17, insofar as that is applicable to the activities of the Partnership, supported by International Financial Reporting Standards (IFRS) and statutory regulations.

Accounting for Capital Grants

The Local Growth Fund Capital Grant (awarded from DCLG) and the Local Authority LTP Major Project (awarded from DfT) Capital Grants were both awarded to the SELEP via the Accountable Body. Whilst these are capital grants they won't result in the creation of a non-current asset within the ownership of SELEP. This is because the grant is passed onto the relevant delivery organisation where the asset will be created or enhanced.

However, there are two further situations in Local Government where expenditure may be capitalised:

- Expenditure is defined by **Regulation** as capital: and
- Expenditure is classified by **Government Direction** as capital

Such expenditure is referred to as '**revenue expenditure funded from capital under statute**' (REFCUS). Both the Local Growth Fund Capital Grant and the Local Authority LTP Major Project Capital Grant have been treated in this way.

Where reliance is placed on the statutory definition of capital expenditure rather than the accounting definition, any expenditure incurred must be charged to the Comprehensive Income and Expenditure Statement. However, this is then mitigated by a transfer from the Capital Adjustment Account in the Movement in Reserves Statement, thereby neutralising the impact of the expense on the General Fund.

The effect of the transfer from the Capital Adjustment Account is to enable the SELEP to apply capital resources (i.e. capital grant) to the financing of the expenditure defined as capital by Regulation (i.e. to the financing of REFCUS expenditure).

Section Three – Statement of Accounts

Accounting for Loans

The Growing Places Fund loan advances are made on an interest free basis, which means that they are accounted for as soft loans. In order to comply with the CIPFA Code of Practice and statutory regulation it is necessary to measure such loans at fair value in the Financial Statements.

In the case of loan advances, such as GPF loan advances made by the SELEP, the value of the advance made is presented in the accounts as the present value of all future cash receipts discounted using the prevailing market rate of interest for a similar instrument and for an organisation with similar credit rating.

All GPF loan advances have been made to upper tier authorities and therefore the prevailing rate of interest used was that available from the Public Works Loan Board on the day of the advance.

The sum by which the amount lent exceeds the fair value of the loan shall be charged to Surplus or Deficit on the Provision of Services. This deficit does not require funding as it is an accounting adjustment only. This adjustment is held in the Financial Instruments Adjustment Account.

Over the life of the loan the value of the adjustment will be reduced in each year until the value of the loan advances match loan repayments in cash terms.

17. Accruals of Income and Expenditure

The Partnership accounts for income and expenditure in the year the effects of the transactions are experienced, not simply when the cash payments are made or received. In particular:

- **Receipt of goods and services:** expenditure is recognised when the goods are consumed and the services received by the Partnership.
- **Interest:** Amounts payable on borrowings and receivable on investments are accounted for on the basis of the effective interest rate for the relevant financial instrument rather than according to the cash flows fixed or determined by the contract.
- **Debtors and Creditors:** where income and expenditure has been recognised, but the cash has not been received or paid, a debtor or creditor for the relevant amount is recognised in the Balance Sheet.

Section Three – Statement of Accounts

18.Adjustments between Accounting Basis and Funding under Regulations

This note details the adjustments that are made to the total comprehensive income and expenditure recognised by the Partnership in the year in accordance with proper accounting practice to the resources that are specified by statutory provisions as being available to the Partnership to meet future capital and revenue expenditure.

Expenditure incurred during the year that may be capitalised under statutory provisions but does not result in the creation of a non-current asset (e.g. Local Growth Fund Payments) is charged as expenditure to the Comprehensive Income and Expenditure Statement in the year against the cost of services line.

Where the cost of this expenditure is met from existing capital resources, such as capital grants, a transfer is made in the Movement in Reserves Statement to the Capital Adjustment Account to mitigate the impact on the General Balance.

An analysis of the adjustments made under statute can be found overleaf.

19. Grant Income

Government grants and third party contributions and donations are recognised as due and credited as income in the Comprehensive Income and Expenditure Statement, when there is reasonable assurance that:

- There are no conditions attached to them or that the Partnership has complied with the conditions attached to them; and
- The grants and contributions will be received.

Conditions are stipulations that specify that the future economic benefits or service potential embodied in the grant or condition are required to be consumed by the Partnership as specified, or future economic benefits or service potential must be returned to the awarding body.

Where a grant or contribution has been received, but the conditions are not satisfied, the amount will be carried in the Balance Sheet as a grant receipt in advance.

Section Three – Statement of Accounts

20. Financial Instruments

The SELEP has made a number of loans at less than market rates (soft loans). When soft loans are made, a loss is recorded in the Comprehensive Income and Expenditure Statement for the present value of the interest that will be foregone over the life of the instrument, resulting in a lower amortised cost than the outstanding principal. Interest is credited to the Financing and Investment Income and Expenditure line in the Comprehensive Income and Expenditure Statement at a marginally higher effective rate of interest than the rate receivable, with the difference serving to increase the amortised cost of the loan in the Balance Sheet. Statutory provisions require that the impact of soft loans on the General Fund Balance is the interest receivable in the financial year – the reconciliation of amounts debited and credited to the Comprehensive Income and Expenditure Statement to the net gain required against the General Fund Balance is managed by a transfer to or from the Financial Instruments Adjustment Account in the Movement in Reserves Statement.

Financial Instruments Adjustment Account

This account absorbs the timing differences arising from different arrangements for accounting for income and expenses relating to certain financial instruments and for bearing losses or benefiting from gains per statutory provisions.

Section Three – Statement of Accounts

21. Capital Adjustments Account

The Capital Adjustments Account absorbs the timing differences arising from the different arrangements for accounting for the consumption of non-current assets and for financing the acquisition, construction or enhancement of those assets under statutory provisions. This includes adjustments made on the application of Revenue Expenditure Funded from Capital under Statute (REFCUS).

<u>-</u>	Balance as at 31 March	<u>-</u>

Section Three – Statement of Accounts

22. Accumulated Absences Account

The Accumulated Absences Account absorbs the differences that would arise on the General Fund Balance from accruing for paid absences earned but not taken in the year (e.g. annual leave entitlement carried forward at 31 March). Statutory arrangements require that the impact on the General Fund Balance is neutralised by transfers to or from the Account.

2015/16		2016/17
£000		£000
2	Balance as at 1 April	2
(2)	Settlement or cancellation of accrual made at the end of the preceding year	(2)

-	Amount by which officer remuneration charged in the Comprehensive Income and Expenditure Statement on an accruals basis is different from remuneration chargeable in the year in accordance with statutory requirements	5
<u>2</u>	Balance as at 31 March	<u>7</u>

23. Long Term Debtors

Long term debtors are the loan advances made to upper tier authorities from the Growing Places Fund. As at note 21 above, the value of these advances are recognised at the present value of repayments over the life of the loan. This is because the loans are made at a nil interest rate. The cash value of loan advances this year was £3.455million. The difference in value between this and the value recognised as a long term debtor is shown in the Financial Instruments Adjustment Account which is an unusable reserve.

24. Short Term Debtors

The Partnership's cash is held by Essex County Council, as part of the Council's role as Accountable Body for the Partnership. The cash held by the Accountable Body is recognised on the Balance Sheet of the Partnership as a short term debtor.

25. Cash Flows from operating, investing and financing activities

The amount of net cash flows arising from operating activities is a key indicator to the extent to which the operations of the Partnership are funded by way of grant income or contributions.

Section Three – Statement of Accounts

Investing activities represent the extent to which cash outflows have been made for resources which are intended to contribute to the Partnership's future service delivery.

Cash flows arising from financing activities are useful in predicting claims on future cash flows by providers of capital (i.e. borrowing) to the Partnership. Currently the Partnership has no borrowing.

The Partnership's cash is held by the Accountable Body (see note 25) and therefore is recognised as short term debtor rather than cash on the Balance Sheet and Cash Flow Statement

The cash flows from operating, investing and financing activities include the following items:

2015/16 £000	Notes	2016/17 £000

Notes:

- i. Where a senior officer's annual salary is £50,000 or more, but less than £150,000, remuneration is disclosed individually by way of job title. For those senior officers whose salary is £150,000 or more, their name is also disclosed.
- ii. The employer's contribution to pensions are not amounts paid to individual members of staff, rather they reflect amounts paid by the Accountable Body into the Pension Fund; these contributions have been made at the level determined at the last actuarial valuation as necessary to meet the cost of the future pension accrual.
- iii. Bonus payments have been disclosed in the year of payment, but relate to performance in the previous year.
- iv. The Managing Director was appointed in April 2016. In the previous financial year the post was covered by an employee of another organisation.

Section Three – Statement of Accounts

Independent auditor's report to the Board and Executive Members of South East Local Enterprise Partnership and Essex County Council

We have audited the Statement of Accounts of South East Local Enterprise Partnership for the year ended 31 March 2017 on pages 6 to 22. The financial reporting framework that has been applied in their preparation is applicable law and the CIPFA/LASAAC code of Practice on Local Authority Accounting in United Kingdom 2015/16.

This report is made solely to the Board and Executive Members of South East Local Enterprise Partnership, and Essex County Council as the accountable body, in accordance with Part 5 of the Local Audit and Accountability Act 2014. Our audit work has been undertaken so that we might state to the Board and Executive Members of South East Local Enterprise Partnership, as a body, and to Essex County Council as the accountable body, those matters we are required to state to them in an auditor's report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the Board and Executive Members of South East Local Enterprise Partnership and Essex County Council as the accountable body, for our audit work, for this report or the opinions we have formed.

Respective responsibilities of the accountable body and the auditors

The Executive Director for Corporate Services of Essex Council is responsible for the preparation of the Statement of Accounts and for being satisfied that the amounts contained therein give a true and fair view within the context of the financial reporting framework.

Our responsibility is to audit, and express an opinion on, the Statement of Accounts in accordance with applicable law and International Standards on Auditing (UK and Ireland). These standards require us to comply with the Auditing Practices Board's Ethical Standards for Auditors.

Scope of the audit and Statement of Accounts

An audit involves obtaining evidence about the amounts and disclosures in the Statement of Accounts sufficient to give reasonable assurance that the Statement of Accounts are free from material misstatement, whether caused by fraud or error. This includes an assessment of whether the accounting policies are appropriate to the Authority's circumstances and have been consistently applied and have been adequately disclosed; the reasonableness of significant accounting estimates made by the Executive Director for Corporate Services of Essex County Council; and the overall presentation of the Statement of Accounts.

In addition, we read all the financial and non-financial information in the Statement of Accounts to identify material inconsistencies with audited financial statements and to identify any information that is apparently materially incorrect based on, or materially inconsistent with, the knowledge acquired by us in the course of performing the audit. If we

Section Three – Statement of Accounts

become aware of any apparent material misstatement or inconsistencies we consider the implications for our report.

Opinion on the Statement of Accounts

In our opinion the Statement of Accounts:

- Give a true and fair view of the financial position of the Local Enterprise Partnership as at 31 March 2017 and of the Local Enterprise Partnership's expenditure and income for the year then ended;
- Have been properly prepared in accordance with the CIPFA/LASAAC Code of Practice on Local Authority Accounting in the United Kingdom 2016/17.
